

PRESS RELEASE

Retirement after 48 years

Robert Price Builders' Merchants marked the retirement of Dan Wall last week, after 48 years service.

Dan started work in the Abergavenny yard (Park Road) in April 1960, at a time when the offices were still located in Lion Street, and the company only numbered two branches, situated in Abergavenny and Ebbw Vale.

Presenting his gift, Tessa Pike, Director, reminisced that Danny had worked with three generations of her family, and had witnessed major changes during his time with the company. "When he started there were no computers, no forklifts and no transport fleet. Tombstones were still sold directly from the yard and the most sophisticated tools were probably a brush and shovel!"

Having retired, Dan will not lose touch with his many colleagues. Robert Price has almost thirty staff who have served for over twenty five years, and their annual celebration dinner is being held later in the month.
