

CHATSWORTH

These superior internal feature doors will enhance any homes. Manufactured from engineered components, they offer improved stability and a superb, natural finish. These doors are suitable for both a paint and stain finish.

AMBLESIDE

This range of doors is manufactured to a high quality in 3 popular foil veneer finishes. The manufacturing technique provides a consistent colour to the door, unlike natural veneer.

ROCKPORT

A wide range of moulded doors in smooth and wood grain finish in a huge choice of styles and sizes. Doors are available in standard hollowcore construction, as fire doors, and in middleweight and heavyweight cores.

ROYAL OAK

Moulded panel doors supplied with fully finished faces. All edges require finishing on site. The grained panel design offers the appearance of a traditional door. Additionally the vertical edges to doors are finished with concealed hardwood lippings.

ASTON GLAZED

These high quality, internal doors are manufactured from engineered components for improved stability and are faced with oak veneers for a superb, luxurious finish. Raised and fielded panels are manufactured from veneered medium-density fibre board.
