

ECO-CHEM

Now brick care and environmental care can go hand in hand. The new Ecochem range cleans and protects bricks and patios with non-hazardous formulations that are safe to use and store. Ecochem leaves brickwork looking years younger removing discolouration and grime.

BRICK & MORTAR CLEANER

Ecochem Brick & Mortar Cleaner removes salt bleeds, efflorescence, limescale, ingrained dirt, mortar and cement residue. It is a fast acting and powerful cleaner that contains no hydrochloric acid.

Ecochem Patio & Paving Cleaner is a safe, highly effective, fast acting product for removing unsightly stains from patios, brickwork, tile paving and concrete floors. It is ideal for removing moderate amounts of cement residue and limescale, leaving surfaces looking great.

PATIO & PAVING CLEANER

WATER SEAL

Ecochem water seal not only waterproofs, but protects brickwork against rain, damp and frost damage. It lasts, is easy to apply and prevents water penetration while allowing trapped moisture to escape.

Ecochem Algae & Moss Remover is for use on surfaces such as paving, walls, roofs, plastic and polycarbonate. It's easy to use with no scrubbing or brushing required. Moss and algae will be killed within 24 to 48 hours after application.

ALGAE & MOSS REMOVER
