

PRESS RELEASE

Robert Price Power Tool Event 2010

Robert Price Builders' Merchants invited local tradesmen, housing associations, college representatives and students to their Power Tool Event on Thursday 15th July 2010 at their Newport branch, Corporation Road. .

Generously supported by several leading names in the power tool industry such as Makita, DeWalt, Milwaukee, Paslode and Belle, the event provided visitors with the chance to try out tools before they committed to buy, there was the opportunity to view specific product demonstrations and there were some fantastic special offers to be had.

There were also a selection of health and safety seminars taking place that covered topics such as Dust Management, Vibration Awareness and Working at Heights. The seminars were extremely popular and ensured that tradesmen and construction students were aware of all the current standards for safety at work.

The day proved to be a great success, despite the rain, and provided access to and expert advice on some of the latest innovations in the power tool industry.

Ends.
