YOUR CONTEMPORARY STYLE

Our contemporary range of kitchens can create a unique distinctive look, from sleek super-matt kitchens that include the latest robust anti-fingerprint surface technology, to Alta high gloss reflective designs that can make a space seem bigger and brighter. Our collection also includes a full paint to order colour palette to pick from as well as the latest trend designs such as elegant Grey Walnut, Riviera Oak and industrial style Concrete.

Choose from a single range throughout your kitchen, or be adventurous and use a contrasting woodgrain finish. Hacienda Grey Driftwood and Platinum, or Urban Grey Walnut and Pebble complement each other perfectly.

For an ultra sleek modern design choose a handleless style such as New York with its integrated handle, or our Inline trim handle options.

YOUR CLASSIC STYLE

This range of kitchens exudes warmth and character to form a wonderful welcoming feel. From classic smooth shaker doors in subtle tones, to our painted ash veneered options available in several on-trend colours; you can create a country cottage style or a more sophisticated modern kitchen design.

All of our kitchen ranges can be styled to look more traditional or to take a modern twist on a classic design. The use of feature cabinets, cornice and pelmet above and below wall cabinets, the handle choice and

the work surface make a big impact on the overall style.

The choice of colour is also influential with a traditional look being created by using colours such as Atlantic Green, Sage and Stone, complemented with an Oak work surface and aged brass handles. For a more modern look use black, deep blue or green tones for frontals and select a matt black or bright brass handle and contemporary thin worktop.
